HOW SURE WE ARE

UN votes	**High**	210 shared votes on whole texts in 2022–2024, the years the headline share covers. With that many, a share is good to about ±7 points.
Trade	**High**	Goods trade is reported in 3 of the 3 years 2023–2025. Goods only, from customs data (IMF); services and energy pipelines are not in it.
Security	**High**	The Uppsala Conflict Data Program covers every state up to 2025. It counts only conflicts with at least 25 battle deaths a year.
Shared clubs	**High**	The list of tracked groups is fixed; membership is checked by hand.
Index	**High**	As sure as the weaker of its two required parts, votes and trade. Security and shared clubs add to it but never make it surer.
