- Only part of their trade in goods is on record ($556 thousand a year): the IMF data have no exports from Cameroon to Costa Rica in these years, which may mean there were none or that they were not reported.
- 13 people born in Cameroon live in Costa Rica (UN DESA counts place of birth, however long ago they moved). A separate count, by UNHCR: 20 refugees and asylum seekers from Cameroon in Costa Rica; the two counts measure different things and are not added up.
