- At the UN their vote agreement is 94% (2022–2024), higher than either of them has with most countries.
- Trade in goods ($7.8 million a year) is a very small part of either country's trade, under 0.5%.
- In its UN General Debate speeches, Malawi names the DR Congo far more often than the reverse (22 sentences against 1).
- 27,000 people born in the DR Congo live in Malawi (UN DESA counts place of birth, however long ago they moved). A separate count, by UNHCR: 39,000 refugees and asylum seekers from the DR Congo in Malawi; the two counts measure different things and are not added up.
