# Kenya & Sudan

**+17**

**Neutral**

Relationship index, −100 to +100. Votes and security run from −100 to +100; trade and shared clubs from 0 to 100.

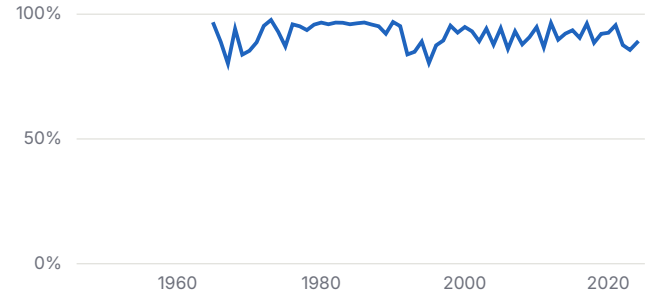

## IN SHORT

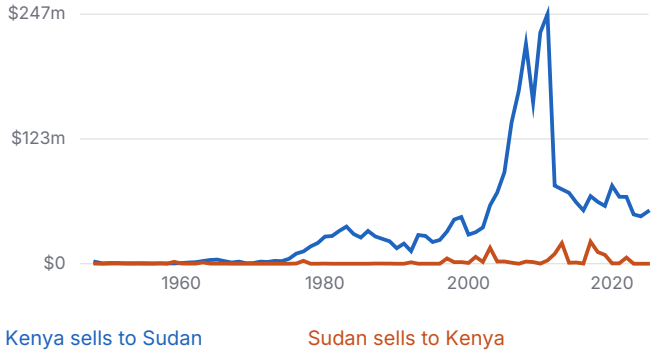

- At the UN their vote agreement is 87% (2022–2024), about average for both of them.
- Only part of their trade in goods is on record ($49 million a year): the IMF data have no exports from Sudan to Kenya in these years, which may mean there were none or that they were not reported.
- In its UN General Debate speeches, Kenya names Sudan far more often than the reverse (58 sentences against 9).
- 9,400 people born in Sudan live in Kenya (UN DESA counts place of birth, however long ago they moved). A separate count, by UNHCR: 13,000 refugees and asylum seekers from Sudan in Kenya; the two counts measure different things and are not added up.

## OVER TIME

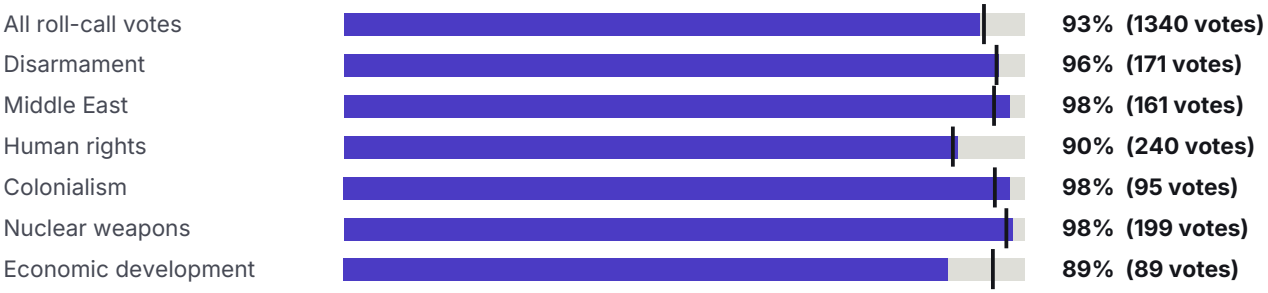

**Share of recorded UN votes cast the same way**

**Goods exports each way (US dollars)**

## VOTES TOPIC BY TOPIC (SINCE 2010)

Bar: since 2010. Mark: all years. Share of roll-call votes on whole texts cast the same way, counted vote by vote; an abstention against a yes counts as a difference. Disarmament, colonialism and economic development count votes up to 2018.

## THE FACTS

| | |
|---|---|
| **UN votes** | At the UN, the vote agreement of Kenya and Sudan was 87% in 2022–2024. For Kenya, Sudan is the 80th most distant voting partner out of 191; for Sudan, Kenya is the 53rd closest partner. |
| **Trade** | Trade in goods between them averaged $49 million a year in 2023–2025: 0.1% of all Kenya's trade and 0.4% of Sudan's. |
| **Words** | Since 1946, Kenya has named Sudan in 58 sentences of its General Debate speeches; Sudan has named Kenya in 9. |
| **Security** | No armed conflict between the two governments is recorded since 1946 (UCDP, data to 2025). |
| **People** | 6,200 people born in Kenya live in Sudan and 9,400 born in Sudan live in Kenya (2024, UN DESA). |
| **People** | Their national football teams have met 32 times. |

## HOW SURE WE ARE

| | | |
|---|---|---|
| **UN votes** | **High** | 241 shared votes on whole texts in 2022–2024, the years the headline share covers. With that many, a share is good to about ±6 points. |
| **Trade** | **High** | Goods trade is reported in 3 of the 3 years 2023–2025. Goods only, from customs data (IMF); services and energy pipelines are not in it. |
| **Security** | **High** | The Uppsala Conflict Data Program covers every state up to 2025. It counts only conflicts with at least 25 battle deaths a year. |
| **Shared clubs** | **High** | The list of tracked groups is fixed; membership is checked by hand. |
| **Index** | **High** | As sure as the weaker of its two required parts, votes and trade. Security and shared clubs add to it but never make it surer. |

## SOURCES AND HOW TO CITE

UN votes, speeches, mentions and trade: Nations on Record (UN General Assembly voting data, UN General Debate Corpus, IMF International Trade in Goods). Armed conflict: Uppsala Conflict Data Program, version 26.1. Migration: UN DESA International Migrant Stock 2024. Refugees: UNHCR. Football: international results archive (CC0). Every score follows fixed rules written out on /method; AI never sets a score. Independent and non-commercial; not affiliated with the United Nations.
