THE FACTS

Words	Since 1998, when Palestine first spoke in the General Debate, Liechtenstein has named Palestine in 2 sentences and Palestine has named Liechtenstein in 0.
Security	No armed conflict between the two governments is recorded since 1946 (UCDP, data to 2025).

HOW SURE WE ARE

UN votes	**None**	No shared UN votes are on record for the years the headline covers. One of the two did not vote in them: an observer state, a country not yet a member, or a member that could not vote.
Trade	**None**	There is no trade series for one of the two, so there is no trade score.
Security	**None**	Not computable: one of the two is a UN non-member observer State, and UCDP's data records wars between states only.
Shared clubs	**High**	The list of tracked groups is fixed; membership is checked by hand.
Index	**None**	No index is shown: it needs both a votes score and a trade score.
