## IN SHORT

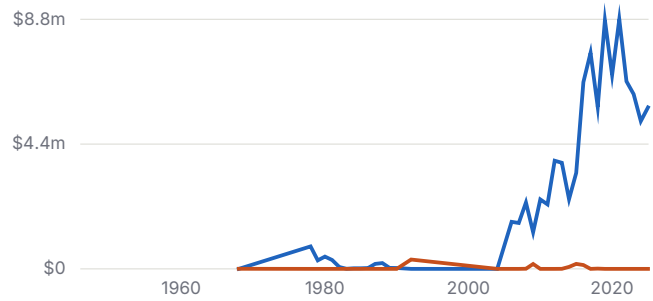

- At the UN their vote agreement is 94% (2022–2024), among the highest either of them has with any country.
- Only part of their trade in goods is on record ($5.7 million a year): the IMF data have no exports from Bolivia to Sri Lanka in these years, which may mean there were none or that they were not reported.
- 2 people born in Sri Lanka live in Bolivia (UN DESA counts place of birth, however long ago they moved). A separate count, by UNHCR: 6 refugees and asylum seekers from Sri Lanka in Bolivia; the two counts measure different things and are not added up.
