Relationship index, −100 to +100. Votes and security run from −100 to +100; trade and shared clubs from 0 to 100.

IN SHORT

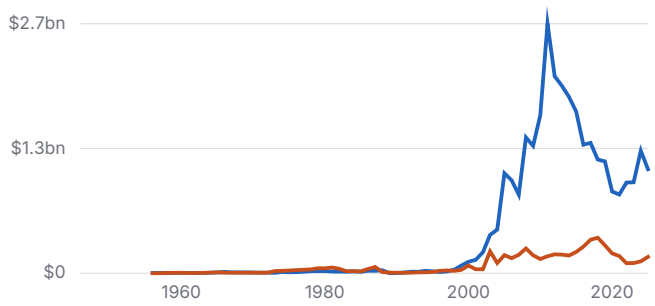

- UCDP records Pakistan fighting the Taliban authorities in Kabul (2024–2025). That authority does not hold the UN seat of Afghanistan, and the UN is this site's reference. Who the relationship is with, and which rules apply, is therefore unclear, so the site computes no index for this pair.
- At the UN their vote agreement is 76% (2022–2024), lower than either of them has with most countries.
- Trade in goods ($1.3 billion a year) is very important for Afghanistan, much less so for Pakistan.
- In its UN General Debate speeches, Pakistan names Afghanistan more often than the reverse (475 sentences against 285).
- 1.9 million people born in Afghanistan live in Pakistan (UN DESA counts place of birth, however long ago they moved). A separate count, by UNHCR: 1.3 million refugees and asylum seekers from Afghanistan in Pakistan; the two counts measure different things and are not added up.

Bar: since 2010. Mark: all years. Share of roll-call votes on whole texts cast the same way, counted vote by vote; an abstention against a yes counts as a difference. Disarmament, colonialism and economic development count votes up to 2018.

HOW SURE WE ARE

UN votes	**Medium**	113 shared votes on whole texts in 2022–2024, the years the headline share covers. With that many, a share is good to about ±9 points.
Trade	**High**	Goods trade is reported in 3 of the 3 years 2023–2025. Goods only, from customs data (IMF); services and energy pipelines are not in it.
Security	**None**	Not computable: relations between the two, and the rules that apply to them, are unclear, because the government that holds a UN seat and the authority that rules there are not the same.
Shared clubs	**High**	The list of tracked groups is fixed; membership is checked by hand.
Index	**None**	Not computable: relations between the two, and the rules that apply to them, are unclear, because the government that holds a UN seat and the authority that rules there are not the same.
